Easier Installations Watertight for Life

Pegasus Solar's Tile Scissor Mount eliminates grinding of tiles and gives you extra tiles to replace broken tiles. Reduce fatigue and increase crew productivity by making installations easier and faster.

25-Year Warranty

Manufactured with advanced materials and coatings to outlast the roof itself.

Universal

Fits most tile thickness and batten or batten-less roofs. S-flashing works on concrete and clay tiles. Compatible with all rails and SkipRail.

Code Compliant

Fully IBC/CBC Code Compliant
Exceeds ASCE 7-16 Standards
FL Cert of Approval FL41396
UL2703 Certified

Kit Packaging

Flashing kit includes flashing, Scissor and EPDM boot. Sled kit includes universal sled, and SS fasteners.

- 1** Remove tile to be replaced. Locate rafter is using Rafter Attach Sled

- 2** Install sled over optional base flashing and drive lag screws to required embedment. Waterproof per all applicable codes and standards as required by the AHJ.

- 3** Slide replacement flashing under left and up-roof tiles, ensuring post hole lines up with the sled channel.

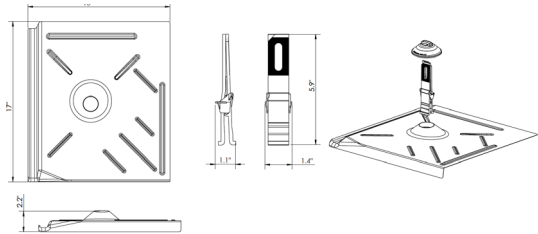

- 4** Drop Scissor Clamp through the flashing and press together to engage the clamp with the sled.

- 5** Slide EPDM boot over the clamp and onto the flashing.

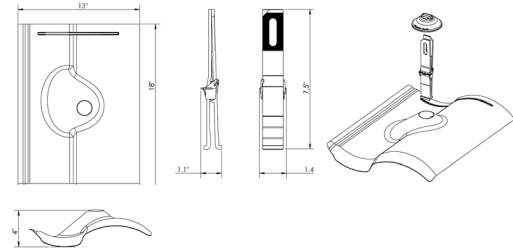

- 6** Set rail to the clamp securing with the Dovetail T-bolt.
